Prepare For The Full Pink Moon!

You can see the full Moon in April on Tuesday, April 23. It reaches its brightest point at 7:49 p.m. Traditionally, we call this Moon the Pink Moon, and it symbolizes the beginning of spring. Here's everything you should know about the April Full Moon, including facts, folklore, and Moon phase dates.

When to See the Full Moon in April 2024:

Venture outside on the night of Tuesday, April 23, to catch a glimpse of April's full Pink Moon. This full Moon reaches peak illumination at 7:49 p.m.

For the best view of this lovely spring Moon, find an open area and watch as the Moon rises just above the horizon, at which point it will appear its biggest and take on a golden hue!

Why Is It Called The Pink Moon?

The full Moon names used by The Old Farmer's Almanac come from a number of places, including Native American, Colonial American, and European sources. Traditionally, each full Moon name was applied to the entire lunar month in which it occurred, not only to the full Moon.

Is The Pink Moon Really Pink?

Although we wish this name had to do with the color of the Moon, the reality is not quite as mystical or awe-inspiring. In truth, April's full Moon often corresponded with the early springtime blooms of a certain wildflower native to eastern North America: Phlox subulata—commonly called creeping phlox or moss phlox—which also went by the name “moss pink.”

5 Things To Do For Earth Day

Earth Day is a global celebration of planet Earth, the place we all call home. All month long, there are opportunities to connect with nature, get outdoors, and protect the planet for future generations to come.

Get The Whole Family Outside

One mom shares why treks with tykes are worth it - how it teaches children the value of nature and, eventually, why to defend it. Whether it's a short walk or a challenging hike, here are our pro tips for getting outside with young kids.

Donate to Protect Public Lands

Public lands provide a home for wildlife, protect against climate change, and give us a way to enjoy nature. Yet we are losing precious public lands to fossil fuel exploitation and unchecked development.

Connect With The Next Generation

Share your love for National Parks with our free coloring pages. Children can bring their own perspective to Carlsbad Caverns, Yosemite, Acadia, and more. Get creative, unwind and play, and bring America's natural treasures to life in a whole new way.

Attend a Local Earth Day Event

Celebrate Earth Day with your community. All throughout Earth Month, you'll find Sierra Club events across the country - and even online. Join a local hike, volunteer in a neighborhood clean-up, or attend a rally.

Take Action to Fight Climate Change

Rising global temperatures and extreme weather events are telling us loud and clear: We must act now to save our home, our world.

Watch the Rockies at Coors Field

Nothing says warm weather like baseball on a sunny day. What better place to watch a game than Coors Field in downtown Denver with a grand view of the mountains in the distance? The Rockies season runs from early April through early October, and maybe longer, pending a playoff run.

Opening day for the Colorado Rockies will be held on Friday, April 5th, 2024 as they take on the Tampa Bay Rays. There are plenty of festivities to celebrate the return of baseball. Coors Light will be set up in McGregor Square with activities for the whole family, the Broncos quarterback will throw a ceremonial first pitch, and there will be a flyover by the Air National Guard. Don't miss this exciting day!

Teach The Children To Save Day

Each year on the fourth Thursday in April, National Teach Children to Save Day encourages children to develop good saving habits. Bankers across the country volunteer every year to teach children to save. Developing these habits at a young age creates a foundation for a lifetime of saving. Involving our children with a savings plan, and money management skills prepare them for a solid future. Parents should teach children about financial matters so that when they head out into the world they avoid pitfalls that can be financially devastating. With an early start on saving and an understanding of budgeting their money, children will have solid habits as they head into adulthood.

Spring is Here - What's Happening in Real Estate?

Prices are up substantially from the week before and well over 2022 and 2023. This is surprising as buyer activity has been modest compared to expectations. The hyper-local market conditions are driving tremendous activity not seen for two years on SOME homes. Those particular homes are somewhat unpredictable, but for certain these are the things that gain a Buyers interest:

- **Value in Price**
- **Impeccable Condition**
- **Newer Updates - Kitchens and Baths**
- **Move-in -Ready**
- **Staging**

If you are considering a move - NOW is the time to call me! We'll discuss your homes needs (if any), a realistic selling price, and timing. There is not commitment or charge for this service to my neighbors. Looking forward to hearing from you!
