The 3 Pillars of Giving

One of the most exciting things about giving is that there are countless ways to make a difference in the world. And while there really is no wrong way to be generous, you may find that by tapping into your unique skills and creativity that you walk away with an enriched experience

Time: Time may be the most valuable resource we all have—once it's gone, it's gone. That's why it's universally understood how precious the gift of time truly is. This type of giving is providing someone else with your own time to help others. Your gift of time may be direct, hands-on service such as tutoring children at a homeless shelter or an indirect service, such as stocking shelves at a food pantry.

Talent: Whether you share your unique skills or professional expertise, you can use your own talent to give back to your community, or anywhere there is a need. Examples may include a doctor providing pro bono office hours at a local clinic or an investment advisor who manages the endowment of a charity. It's not only rewarding for philanthropists to donate their talents, but also highly valued because it provides a service or expertise that is often out of reach for the recipients.

Treasure: When many people think of generosity, they think of donating their treasure—a euphemism for money or other items with value. While cash is the most common type of charitable donation, it may also come in the form of real estate, collectibles, and more.

Winning the prize for best views while skating, Evergreen Lake is open throughout the winter as weather permits. PARKER ICE TRAIL, PARKER: Admission: \$9 (\$7 for kids 10 and under). **Skate rental:** \$4. SKATING IN THE SQUARE, ARVADA: Admission (skate rental included): \$10 (\$7 for kids 12 and under). Christmas Tree Cutting

Cutting down your own Christmas tree can be a memorable and festive experience for the whole family, but it's key to do this activity safely and legally. In Colorado, you typically need a permit to cut down a Christmas tree on public lands. Here are some spots where you can obtain a permit and some tips for doing this activity responsibly. All permits can be purchased online at recreation.gov.

1. Plan Ahead: Contact the forest service or visit their website for more information on permit availability, cutting dates, regulations, and designated cutting areas.
2. Choose the Right Tools: Bring a sharp saw for cutting and ropes or straps to secure the tree to your vehicle.
3. Select a Healthy Tree: A healthy tree will have vibrant green needles (avoid trees with brown or dry needles).
4. Dispose of the Tree Properly: Find a recycling program, chip the tree for mulch, or compost it.

Stock Up For Winter

Living in a region with cold, snowy winters, taking the time now to stock up on winter gear and supplies will mean less stress when that first big storm hits.

- Check snow shovels and ice scrapers; replace as needed.
- If you use a fireplace or wood stove, order firewood.
- Pick up a bag of pet- and plant-safe ice melt.
- Restock emergency kits for car and home.
- If you use a snow blower, have it serviced and purchase fuel.
- If your home has an emergency power generator, review safety standards (the American Red Cross has helpful tips) and check that it's working properly.
